EFFORTS OF PARTIES AND FACTIONS. MEETING OF THE REPUBLICAN CONFERENCE COM MITTERS-WISHES OF THE GERMANS-EFFECT OF MR. KELLY'S SELECTIONS-FATE OF MR. TRUAX-REPUBLICAN NOMINATIONS IN BROOK-

LYN AND KINGS COUNTY.

A conference of city Republicans with the Germans over city nominations was held yesterday. There is much disaffection smong the Democrats over the ticket nominated by Mr. Kelly. It is said that Charles H, Truax will be forced from the ticket. The Republicans of Brooklyn and Kings County made their city and county nomina-

JOHN KELLY'S WEAK TICKET.

BITTERNESS AND WRATH AMONG THE DEMOCRATS-A SORRY LOT OF CANDIDATES.

A number of Democra's who are outspoken in opposition to Mr. Kelly's nominations for local offices is increasing. Instead of the party securing any advantage to the so-called "union," it seems probable that it will cost Hancock and Kelly thousands of votes. The "dickering" Kelly and the persons who control the Irving Hail Democrats by virtue of the city patronage at their disposal, has disgusted those Democrats who opposed Tammany because of its past corruptions and present "one-man power." is now openly alleged that the Irving Hall leaders who consented that Mr. Kelly should name the ticket were bought by promises of future patronage. The nomination of Mr. Grace, it is charged, is the result of such bargains with John Fox and others, and disclosures are threatened by some of the men who have heretofore acted with the Auti-Tammany party. Charges of deceprecriminations are and bitter rife in Irving Hall that it is probable a meetthe General Committee will avoided before election. Every place of any value to the politicians, which will be at the disposal of Mr. Grace after January 1, is said to have been promised by Mr. Kelly, and as he hopes to continue his control of the Board of Aldermen, Mr. Grace will be powerless to do otherwise than as Mr. Kelly bids. Ex-Controller Green, Oswald Ottendorfer, Henry Havemeyer, Justice Otterbourg and other prominent Democrats have declared opposition to the Kelly ticket.

Mr. Green, who has been Mayor Cooper's confidential adviser, says the effect of allowing Mr. Kelly to name the ticket, as has been done, will be very injurious to Hancock. He says Tammany Hall is a synonym for corruption, and an economical and honest administration of the city's affairs is impossible under its rule, and that an alliance between the men who nominated Hancock and Kelly cannot but injare Hancock. Mr. Green favors an independent

The influence of Oswald Ottendorfer and The Staats Zeitung will be used against Mr. Kelly's nominations, and " the return of the city government to the control of the organization that has robbed the treasury of millions of dollars."

A prominent Democrat, who has heretofore acted with Irving Hall, and who now holds one of the most important offices under the city government, said yesterday:

"A great mistake has been made in allowing Mr. Kelly's organization, which defeated us last year, and which was deservedly kicked out of the State and National Conventions, to dictate the city ticket. It will cost Hancock 15,000 votes in this city. I cannot work for such a ticket as has been named. and I know many others who cannot. This is a feel ing which is widespread, and many Democrats will either not go to the poils or will vote against the ticket. Then others who are interested only in local matters will think the result is assured to the party

'How do you like the Mayoralty nomination ? "It was very injudicious. Mr. Grace has held no position that would qualify him for the office of Mayor. He was receiver of the Continental Life Insurance Company for a time, but was removed because his appointment was illegal. During his short administration a large sum of money was paid for legal fees, a circumstance that has been criticised by the courts. That is the extent of his experience in city affairs. He has only been a resident of the city a few years, and not long a citizen of this country. Then, too, the fact of his being a bitter Roman Catholic and a strong friend of the Cardinal country. Then, too, the fact of his being a botter Roman Catholic and a strong friend of the Cardinal will injure him. I do not think a man is the worse for being a Catholic, but you know that Church has taken a strong position against our public school system, and friends of that system will object to pincing it in charge of a man who is a representative of that apposition. As Mayor be would have the appointment of Commissioner of Education. Then, too, John Kelly, who is also a strong Catholic, with Mr. Grace as Mayor would have entire control over all the appropriations of the city. There is a large number of charitable institutions, asylums, etc., under charge of the Catholic Church that receive appropriations from the city. Mayor Cooper succeeded in cutting down these appropriations, but only after a long contest with Mr. Kelly in the Board of Estimate and Apportonment. If Mr. Grace is Mayor there will be no one to stand up against Mr. Kelly's imperious will. Now, that is why I think the nomination is very Now, that is why I think the nomination is very

"What of the rest of the ticket?"

"What of the rest of the ticket?"

"I have no besitation in pronouncing it an exceptionally weak one throughout. The nomination of a man for Superior Court Judge with the record of Mr. Truax, as disclosed in The Tribune this morning, is calculated to bring the Court into contempt. He is a second-class lawyer, and in no wise qualified for such a responsible office. He was regarded by the Mayor, after investigation, as unworthy to be a Police Justice, and his nomination was withdrawn before the Aldermen had ever considered it. Then nominating a man for Recorder like Mr. Smyth, who has been rejected by the people on three different occasions, is not the way to strengthen a ticket. It is Mr. Kelly's way, however, as he cares nothing about the people's verdict. He thinks Hancock will carry him through this time."

"As you have evidently considered this subject." remarked the reporter, "please give me your opinion of the nominations for Register and Aldermental-Large." "What of the rest of the ticket?"

remarked the reporter, "please give me your opinion of the nominations for Register and Aidermenat-Large."

"I am stating why I think the ticket will not command the confidence of the business men of the city," continued the official, "and I think its success is wholly dependent on the kind of ticket put in the field against it. Mr. Docharty, the nominee for Register, was evidently selected by Mr. Kelly because his father-in-law has been one of the wealthy men who have always stood by Kelly and Taumany Hall. Mr. Docharty is a very nice young man, but not a person that should be chosen to manage such an important trust as the Register's office. When the Bar Association preferred charges against Mr. Loew for exacting illegal fees he made a defence that the illegal fees were charged by his deputy and elerks without his knowledge. Mr. Docharty was his deputy then as now. For Aidermen-at-Large Mr. Ke ly has given us Messrs. Sauer, Sievin and Kenney, all members of the present Board. These three men have been conspicuous in support of every job that has been brought up in the present and last Boards of Aidermen. Sauer championed the Broadway Railway scheme. They all voted for the Crosstown or Chambers Street Railway job, which was vetoed by the Mayor. They voted for giving away franchises to the Forty-second Street, St. Nicholas and Manhattanville Railway, for valuable grants to the Spinola steam-heating scheme, the Prall steam-heating scheme, and other like jobs; and these are but specimens of what they have favored. I think such men can with safety to the city be left at home.

The disclosures made in The Tribunk yesterday in regard to the operations of Charles H. Truax, the

favored. I think such men can with safety to the city be left at home.

The disclosures made in The Trinchk yesterday in regard to the operations of Charles H. Irwax, the Democratic nominee for Superior Court Judge, will probably have the effect of forcing him from the ticket. To effect this purpose, it is said that Mr. Kelly has taken the singular way of placing the campaign assessment so high that Mr. Trinax will be unable to meet it. Upon inquiry among leading members of the Anti-Lamman, organization yesterday it was ascertained that the assessment for the campaign made upon the candidate for Justice of the Superior Contra had been originally fixed at \$20,000, and that Mr. Trinax had until last evening to make his assessment good; that yesterday the committee increased the amount to \$25,000, and the belief was expressed that he would voinstanly refire, because his credit was so impeached that he could not raise the money, and that that would avoid the trouble of a request for his withdrawal.

A prominent member of living Hall spoke of the matter yesterday as follows: "The amount of assessment imposed upon candidates for judicial office has been made so large that the candidates

A prominent member of living fall spoke of the matter yesterday as follows: "The amount of assessment imposed upon candidates for judicial office has been made so large that the candidates necessarily must involve themselves in corrupt arrangements to procure the sum required. There are not in the legal profession, consisting of over 5,000 members, 100 who can of their own means contribute this amount."

The next meeting under the auspices of the Committee in this city will be held at Cooper Institute. Saturday, when Colonel R. G. Ingersell will speak. Wayne MacVeagh will speak in the same place Thursday night of next week.

One of the features of the canvass in this State is the forming of organizations of business men in the interior cities for work at the polls. In nearly all the interior cities such associations have already been completed, for Unsiness men feel that their interests at stake are so great that they can well afford to devote their whole time on one day to the work of aiding in the election of Garfield and Arthur.

CONFERENCE OF REPUBLICANS VIEWS IN REGARD TO A LOCAL TICKET-OPINION OF THE GERMANS.

The Republican Conference of one delegate from each Assembly district to express views in regard to city nominations, met yesterday afternoon at 1 o'clock at the rooms of the Garfield and Arthur Club of the Central Committee, at No. 1 West 24th-st.

The German-American Democratic Citizen's Association met at Beethoven Hall one hour earlier to consider if a committee should be appointed to wait upon the Convention and ask to be heard. On the evening previously this association had received a telegram from Maurice J. Power, on behalf of the Irving Hall Democracy, requesting a conference. The association's secretary, acting under the in structions of the meeting, replied; "We were ready to confer with you before the county ticket was nominated : it is now to late."

to confer with you before the county ticket was nominated; it is now to late."

In regard to the Republican Convention of Assembly delegates it was urged that a committee of ten should be appointed to wait upon it, and this was almost unanimously carried. On the committee were Justice Otterburg and Coroner Ellinger. This German Committee baving been admitted to the conference, Joel W. Mason took the chair and the proceedings began. The German Committee being called upon to state its views, Justice Otterburg said it had attended for the purpose of conferring as to the nomination of a city ticket that would beat Tammany Hall. If, by a combination, a candidate for the Mayoralty who would be acceptable to all good citizens could be decided upon, the Germans would be willing to support him, without any resard to National politics. The committeemen thought the candidate, to insure success, ought to be a Democrat; but he should be a leading business man and not a politician; and, any way, he ought not to be connected with any "hall."

Colonel Spencer inquired what positions they wanted. Justice Otterbourg replied that it must be strictly understood that this was no question of patronage. They had no one to propose for any office, and if they asked for the nomination of a Democrat for the Mayoralty it was simply because they believed a Republican would not support a nepublican for the reason already given. The committeemen then left the conference, with an understanding that a sub-committee would wait upon them later to deliver the decision of the conference.

After the German Committee had gone away, the

After the German Committee had gone away, the After the German Committee had gone away, the conference proceeded to discuss the homination. For the Mayoralty the only name mentioned was that of L. M. Bates, which was proposed by Colonel Spencer. It was thought, however, that the Mayoralty and Registership should be left until after a second conference with the Germans, and the conference then nominated Aldermen-at-Large, for which Ferdinand Fink and Henry C. Perley were unanimously chosen. The conference also unanimously agreed to suggest the following nominations: Daniel G. Rollins for Recorder; Horace H. Rassell for Judge of the Superior Court; Meyer S. Isaac for Judge of the Marine Court.

The sub-committee, consisting of Messrs. Patterson, Jacobus, Hall Mason, Brady, Smith, and Hess, was appointed to decide what should be done in regard to nominating a Mayor. This committee after consultation agreed that it would be better to nominate a Republican, but left the question open until after further talk with the Germans.

OPPOSING FACTIONS IN POLITICS.

A meeting of about one hundred persons was held at the Hoffman House last evening to take measures, as it was said, to counteract the "evil influences of strictly party cliques and factional organizations," The call was signed by several business firms in this city, and among those present were L M. Bates, of Bates, Reed & Cooly ; E. W. Root and G. Drake Smith, of A. T. Stewart & Co.; M. Edlinger and James E. Ward, of Ward's Havana Steamship Line: H. N. Beers, secretary of the Council of Politteal Reform, and Edward E. Poor, of Denny, Poor

DISCUSSING HANCOCK'S "LOCAL ISSUE." A mass-meeting of business men in favor of Haucock and English was held in Wall-st., in front of the Sun-Treasury, yesterday afternoon. For nearly an hour before the time fixed for the opening of the meeting business men began to gather in the neighbor hood-merchants who offered for a dime cheap prints of the Democratic canondates, and others who hawked "educated pigs" waich foretold the result of the election as the Roman Augurs sometimes predicted coming events. A group of business men sat for a long time on the Sub-Treasury steps; they were blouses and overalls and stacked dudeen pipes. The doors of the Sub-Treas mry were locked with great promptness at 3 o'clock Townsend Cox called the meeting to order and intro-duced as chairman William Wood, ex-president of the Board of Education. By this time a crowd of a few the sand people had been collected. Wall-st, bankers on their way up-town loitered a few principles on the edge of the crowd and then passed on. A few only of the signers of the call for the meeting were to be seen. Of the seventy names of persons and firms published in the Democratic news papers vesterday as signers of the call, thirty-six, or one more than one-half of the number, six. Or one more than one-half of the number, are known to be Southerners; hearly all of these are cotton brokers. The topic of all the speeches was the tariff. Mr. Wood declared that he was a pronounced and declared frace I rader and the statement was greeted with appearage; but he added that these questions of the tariff must be handled delicately." Mr. Wood also sand that the Repartition of the country was due partly to Republican administrations was "preposterous and well-migh biasphemous." When Angust Belmont was announced to speak the crowd because immediately to break up, but when Mr. Wood said that Mr. bearont had sent his views in a letter to the clairman the people consinted to wait a little longer. Or ando B. Petter declared that the "considerable carnings of a laborious life" depended upon the result of the election. Abram S. Hewitt, William Dorsholmer and S. S. Cox also spoke.

The Republican demonstration at Paterson, N. J., hast evening, was one of the largest politica parades ever seen in that portion of New Jersey. It oc cupied nearly an hour and a quarter in passing a giver point, and there were no breaks in the line. The wildes enthusiasm was shown by the people who thronged the sidewalks and filled every available point of observation along the entire line of march. The Grand Marshal was Colonel Andrew Derrom and the procession was divided into seven divisions. first was composed of the Falls City Garfield and Arthur Cavalry and citizens mounted on horses; the second of Colonel Decrom's staff; the third of the Swenth Ward Clue, the Parple Guard the Hill Guards, the Eivin Guards, the Tolowa Battery, the Lincoln Guard and the Sixth Ward Clan : the fourth of the Huesboldt Silk Division. 400 of the weavers and spinners from the sik milis of Pelgran & Meyer, 300 from the slik mais of William Strange & Company, 350 from the silk mids of Dexter. EPISCOPAL CHURCH BUSINESS. CONDITION OF THE GENERAL THEOLOGICAL SEMI-NARY-A JUDICIAL SYSTEM FOR THE CHURCH

NARY—A JUDICIAL SYSTEM FOR THE CHURCH OPPOSED.

The Rev. Dr. John Percival, of Louisiana readmorning prayers yesterday in the House of Deputies of the Episcopal General Convention. Bishop Coxe, of Western New-York, pronounced the benediction. The Rev. Dr. William G. Farrington, of Northern New-Jersey, presented the triennial report of the Committee on the General Theological Seminary, stating that the seminary was in an excellent condition. Its expenses for some years have been greater than its receipts. Recently, however, a vigorous effort had been made to increase its endowment fund. Of the \$250,000 which was desired, \$52,000 had been ebtained. Among the gifts to this fund was a gift of \$25,000 from the late Samuel Verplanck Hoffman. The report also stated that there were ninety-four students at the seminary this year, which is the largest number ever in attendance there.

George C. Shattnek, of Massachusetts, read a report from the Committee on Expenses in regard to the question of paying the travelling expenses of the deputies to the Convention. This stated that the expenses of all the members amounted to about \$20,000, of which sum \$6,500 was expended by the deputies from Oregon and California. An assessment of 11 cents upon every communicant in the country, or of \$10 appen every clergyman, would be sufficient to raise this amount. The report was placed on the calendar. The Rev. Dr. Henry W. Beers, of California, presented the report of the joint committee which was to consider the advisability of appointing a missionary bishop for every territory. This report favors such appointment, and it was also placed on the calendar. An amendment to the constitution, proposed by Hill Burgwin, of Pittaburg, was next considered. THE WARPEN INVESTIGATION.

The Warren investigation was resumed vesterday. The first witness was Brigadier-General J. Tarbell, Assistant Controller in the United States Treasury Department at Washington. His tank on April 1, 1865, was that of a colonel in General Crawford's division. He was examined with reference to the engagement that took place on March 31. He did not know of any precaution having been taken against being surprised by the eneny. He described the march on the morning of April 1 to Gravelly Run Church. They were late in getting started, he said, and a long time in reaching that boint. After arriving at Gravelly Run Church, it was three or four hours before the line was formed. Crawford's division moved in a northward direction inclining a little to the left. The place where they entered the Sidnor field was between the branch of Hatcher's Run and the northeast corner of the field. In going through the woods they net with light skirmishing from the enemy. At the eastern boundary of the Sidner field the troops were thrown into utter disorder, officers and men being mingled togother. While he was thus encaged, General Warren and his staff rode by. General Warren made no effort to restore the line, and did not say anything to the witness, in going aeross the Sidner field they met with a slight fire from the enemy. Their course was to the west, to the Young-Boisseau field, which they reached a little after dark. On redirect examination the witness said that firing was heard at the left while Crawford's division was active leastern boundary of the Sidnor field.

The only other witness was Colonel A. E. Dana, Major of the First Cavalry, and Adjutant-General in General Devens's division, which was under command of General Merritt on the day of the battle of Five Forks. He described the auvance of the cavalry forces under General Devens on the morning of April 1. The infantry fire, he thought, was about half a mile away, but he cauld not say whether it was in front or to the right. They advanced toward THE WARREN INVESTIGATION.

REVIEWING THE NATIONAL GUARD.

The First Division of the National Guard of finis State. Major-General Alexander Shaler commanding, and the Second Division, Major-General James Jourdan commanding, were reviewed by Governor Cornell yesterday afternoon. All along Fifth ave. the sidewalks and house steps were thronged, and faces peered from every window and balcony. Many houses were appropriately decorated. At the reviewing stand, at Forty-second-st., and Fifth-ave., a detachment of the 7th Regiment acted as a guard of honor. Mayor Cooper was present there with Governor Cornell and his stan. The marching was very creditable, and the lookers-on showed a great deal of enthusiasm and appreciation. The 7th, 9th, 25m., and, 22d Regiments scened to be the favoritee. After the troops had passed, the Governor and his staff, with Mayor Cooper, drove away. But the crowd remained until the 7th Regiment had come back, through Twenty-thirdst, Madison-ave, and Forty-second-st., to relieve the greatd. REVIEWING THE NATIONAL GUARD.

A MYSTERIOUS ARREST.

A FUGITIVE CAPTURED ON HIS WAY TO CHICAGO-A LARGE AMOUNT OF BONDS SECURED.
CHICAGO, Oct. 21.—A mysterious but important arrest was made here to-day, under orders from Chief Brooks, of the Secret Service force at Washington. An officer of the Secret Service acington. An officer of the Secret Service accompanied by City Detective Simmons, boarded an incoming train on the Pittsburg and Fort Wayne road and on its arrival here arrested a large florid-complexioned man who had been described in the Washington orders.

He was taken to the United States Marshal's office and searched. In one of his satchels, which had been kicking around carelessly on the train, \$250,000 in United States bonds were found wrapped up in a dirty what and also \$3,000 in currency.

around carelessly on the train, \$250,00 in a dirty States bonds were found wrapped up in a dirty shirt, and also \$3,000 in currency.

The prisoner was taken privately before a Judge and held in \$25,000 bail for examination on Saturday, and is now locked up in the Marshal's office, all access to him being denied, and the greatest secrecy preserved, in compliance with the directions of to him being defined, and the directions of preserved, in compliance with the directions of Attorney-General Devens.

The prisoner is supposed to be a defaulter to the Government at some point outside of Washington.

RAILWAY NEWS.

CUTTING RATES TO THE EAST. CHICAGO, Oct. 21.-The railroad war loses none of its activity. The Wabash Company made a Mie of 50 ceats to St. Louis yesterday, which neither the lifting Central nor the Alton would meet. At this rate

the Wabssh must pay at least 50 cente (bridge toll) for

each passenger it carries.

The announcement of the Alton road that it would give cheap rates from Kansas City and St. Louis to the principal Eastern cities seems to have caused something of a panic among the Wabash officials, for they have unterly refused to meet the reduction. The Alton's rate is on the basis of \$18.25 from St. Louis or Kansas City to New York, against \$26.50, the previous rate. Among other cities which are beeffield by the Alton's reduction are Boston, Relimore, Philadeiphia, Columnus, Crestine, Dayton, Waseinig, Louisville, Washington, Ruffalo and Detroit. The Alton road claims that it can continue its present rates indefinitely, since its business has increased so largely that it loses bittle or nothing, and that two Eastern times have offered to cooperate program with them in their cit to Eastern cities. If this should be accepted and the cutting East go on, it is difficult to see how other Eastern roads could keep out of the fight. It is understood that the Wabash is ready to declare a times of any reasonable casts, and whenever such intention is at neuroscient the fight will probably stop. of a panic among the Wabash officials, for they have

THE SOUTHWESTERN PASSENGER WAR. The general passenger agents of the trunk ines at a meeting vesterday sent to the railroad cou panies which are engaged in the Southwestern passer ner war a request that through rates to the East should not be disturbed; to their direct Western connections they sent also a request to maintain convention rates. Ne conclusion was reached at the meeting of the South-western Rain Association resterday, which was again adjourned until 10:30 a. m. to-day.
